Moving Images

Always seen in motion, a blur to the world, Bears are rarely understood. Outsiders cannot comprehend San Marcos Baptist Academy. They cannot see what we see. They cannot feel what we feel; the tradition, the unity, the movement and the pride. They cannot be what we are!

In 1907 a place was established and created where greatness would thrive. We are that place. We bring new life to words like enthusiasm, showmanship, education, pride and excellence.

The identity that we share exceeds all boundaries. We have an in-bred urge to be different and to be better. No one has our student body. No one has our organizations and our teams. No one has our reputation or our longstanding traditions. No one can ever follow in our footsteps or join us in our dreams.

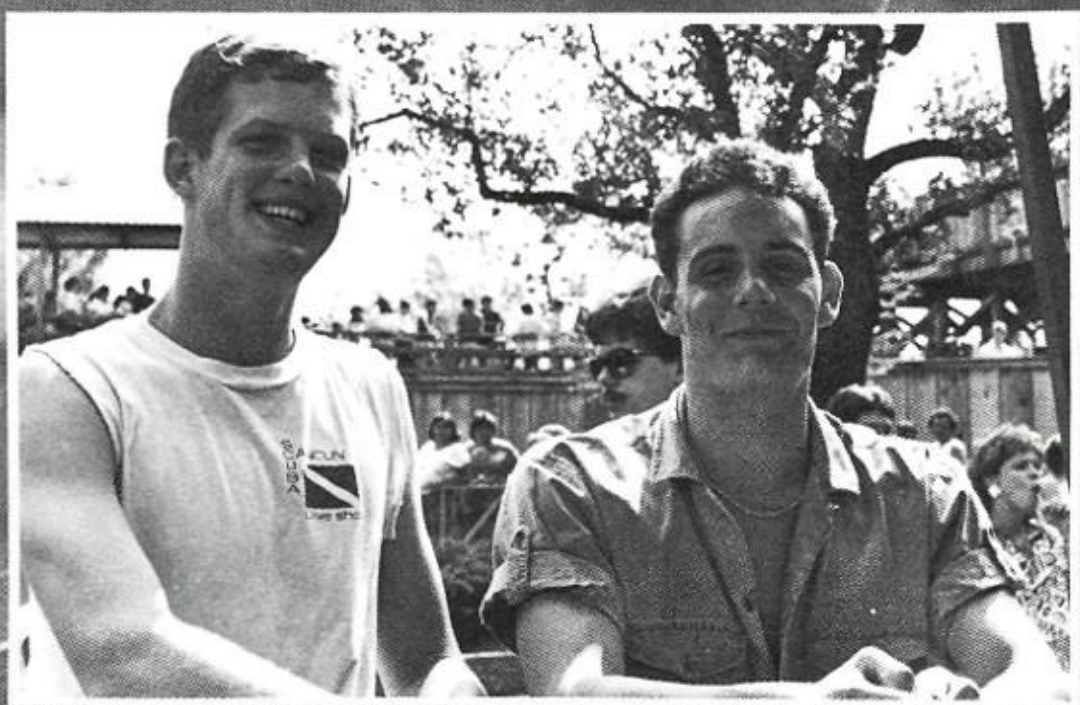

A purple and green power pushes us through the semesters. We collect vast knowledge and memories that will last forever. San Marcos Baptist Academy prepares us to face new frontiers and to continually move forward. We stand alone and proud with our own vision and our own reality. We keep our tradition progressing and create an atmosphere that predicts new horizons.

We live and experience a year that will always remain unequalled! The greatness is here, the champions are here, the achievements are here, the Bears are here!

Bear excellence; tradition and pride cannot be halted once it is set in motion. It is then that we all become **MOVING IMAGES** in the world at San Marcos Baptist Academy.

3.

Long dresses, nice suits, and hand shaking come with the night of our annual President's Reception. Every first weekend of September, the academy has the President's reception, where the students meet the faculty, and Military Staff.

The reception takes place in Carroll Hall, and the faculty and staff line up down Carroll Hall and into the Purple Lounge. Many colorful plants and flowers decorate the hall. After the student body moves through the line, they progress to the Dining Hall, where refreshments are served.

Middle School Visits Y-O Ranch

With the beginning of fall, SMA finds its Middle School boys going to the hills of Kerrville to the Y.O.

Ranch for a weekend of fun and excitement.

While the Middle School boys are at the Y.O. Ranch, they do many different things; horseback riding, repeling and climbing, swimming, and a survival course. But most important, they get to know each other and themselves better. Sponsor Jim Davis says, "I really enjoy getting away from the Academy with the boys. We become closer and they in return feel like they can talk to me better even after we come back to School."

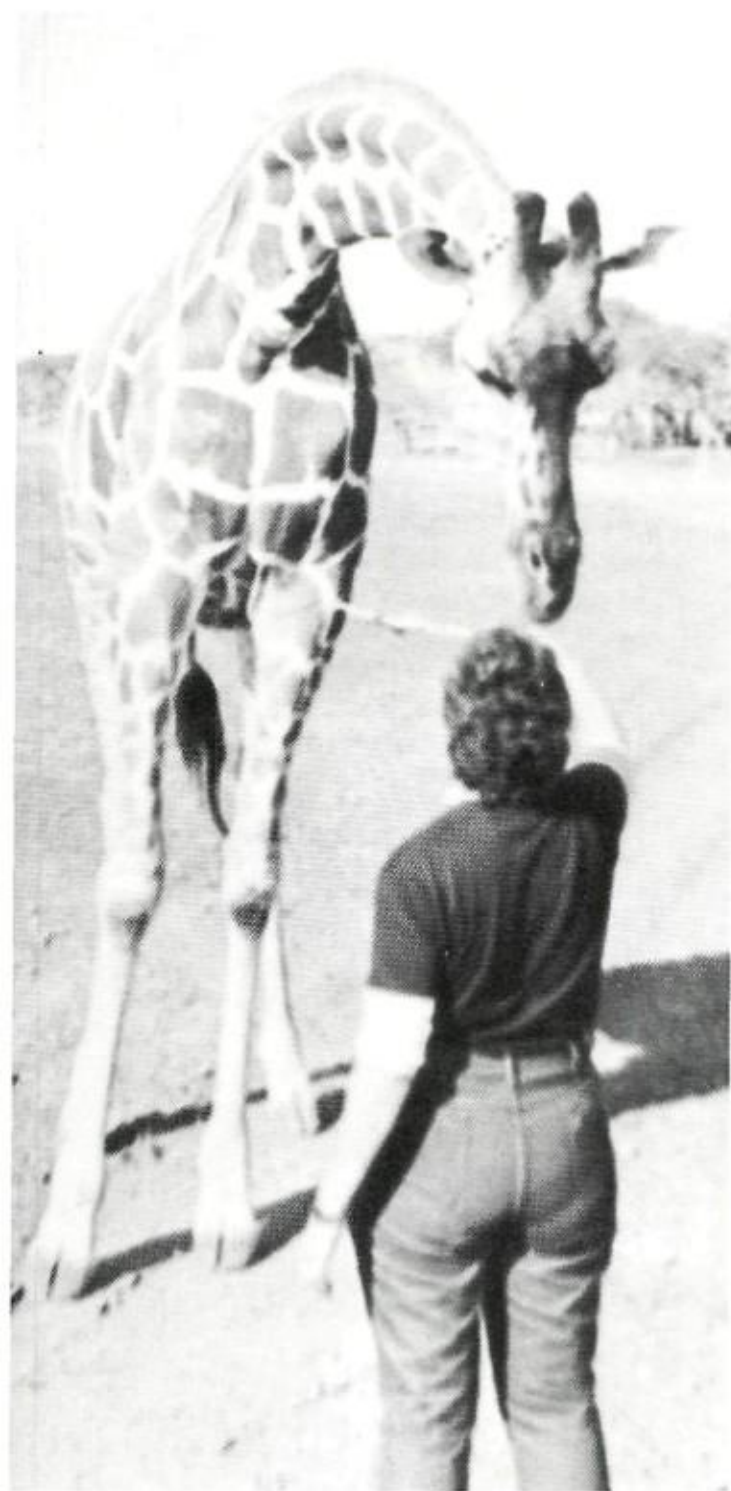

1.

1. The boys learn important lessons on the environmental situation, not only in America, but all over the world.

2. Robert Graham learns the skill of repeling, as he goes off the edge of a 30 foot cliff at Bear Creek.

2.

1.

1. The Y.O. presently has three giraffes, which have become very tame.
2. "Here's looking at you kid," says Jr., one of the two Ostriches at the Y.O.
3. The middle school boys pose for a group shot in front of the Y.O. logo.

Rains Fail to Dampen Homecoming Spirit

1. Representing the sophomore class are Missy McLain and David Albright.
2. Senior Sharon Flahive is named Homecoming Queen during halftime ceremonies. Sharon's escort is Marc Cheechin.

Religious Emphasis Week is one specific time that is taken out of each semester and it is devoted entirely to religion and God. This is a time when different people come and give their testimony or share anything with the students that will help them get closer to the Lord and help them survive the daily battles of life. It is a fun time and yet a serious time which allows a strengthening relationship with God.

'Slave' for a Day

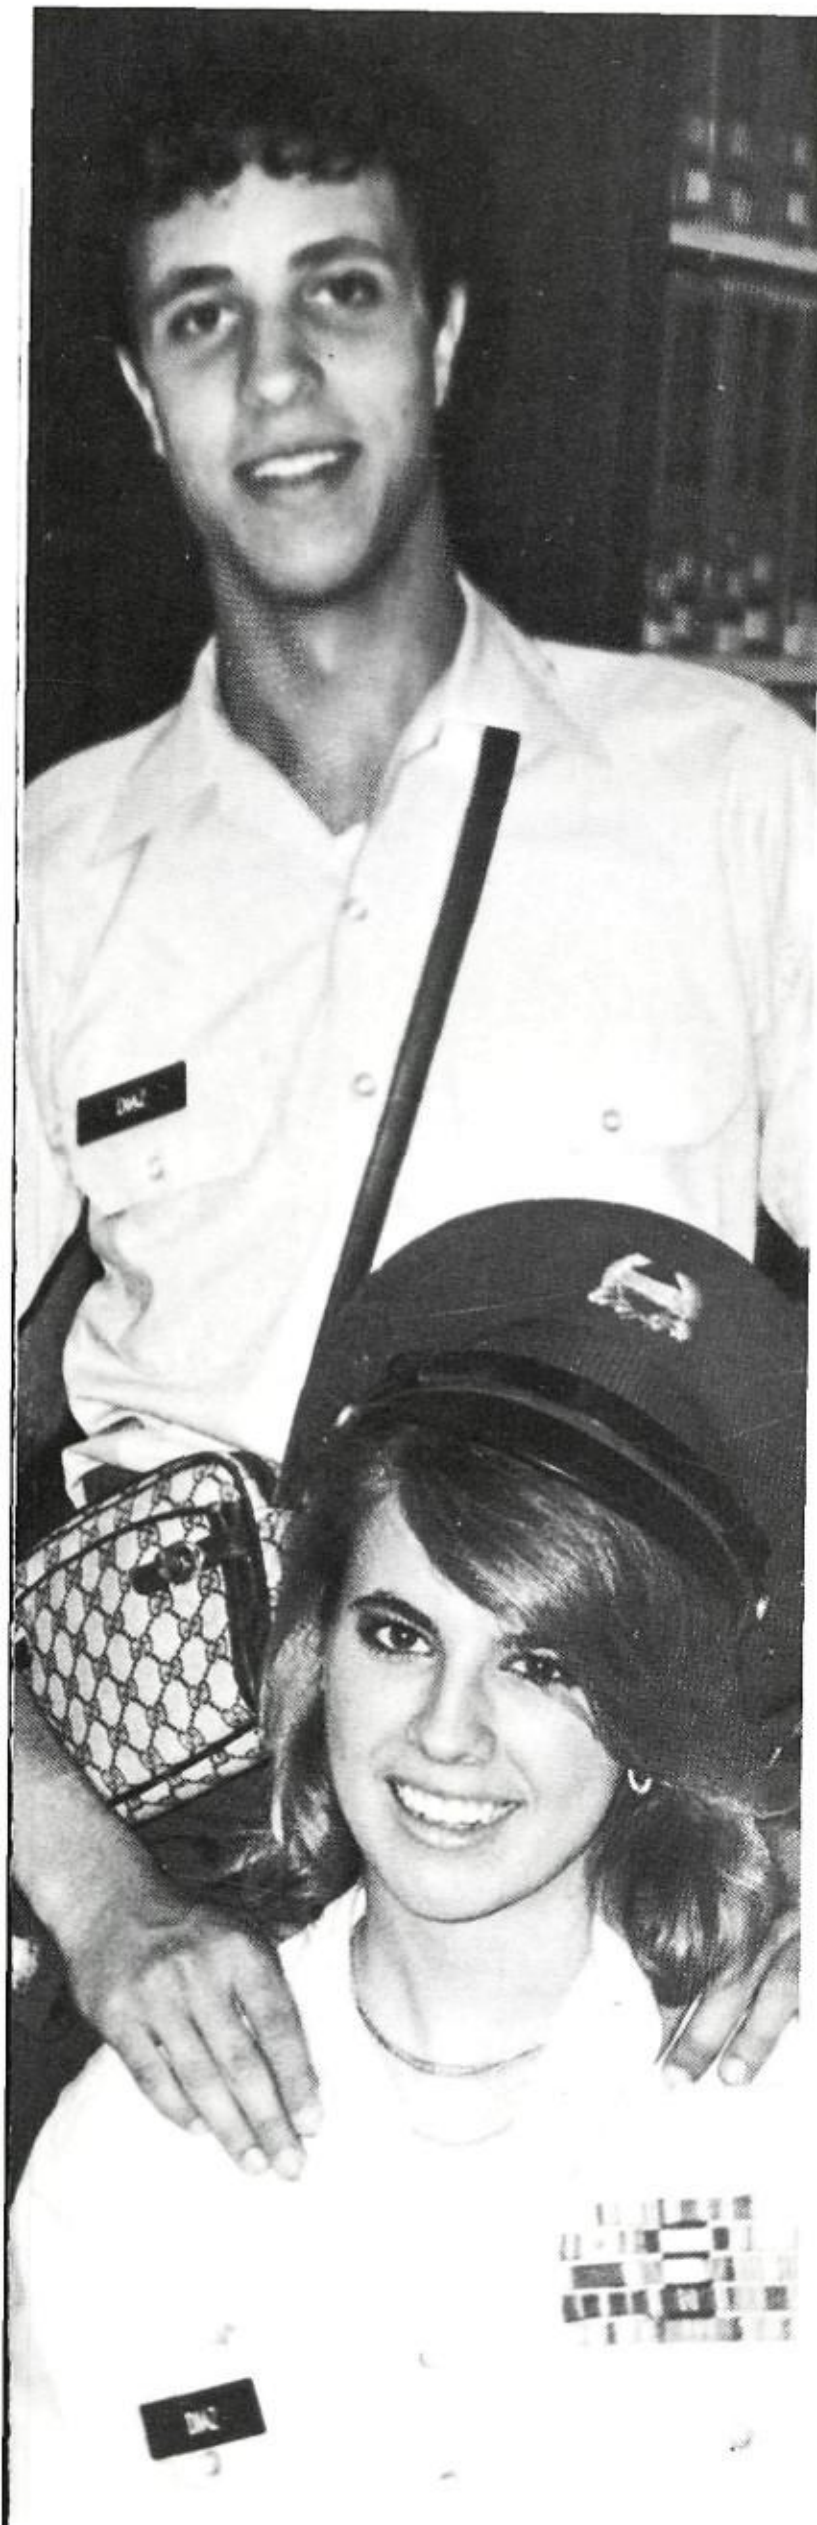

"The grass is always greener on the other side of the fence" or "I'd sure like to trade places with him" are two sayings that seem to come true as the annual 'Selling of Rank' takes place in the Dining Hall.

During this hectic period, students have the opportunity to bid on their favorite person whom they hope will be their 'slave' for a day. Bids range from twenty to one hundred dollars as students fight for the favorites.

Throughout the day, the buyer assumes the rank and orders the 'slave' to perform all sorts of interesting tasks. All in all, it is a day that provides many laughs and a lot of fun.

SMA Bears Fight Their Way to State Finals In Waco

At the beginning of the soccer season the fantastic soccer team has a dream, or more likely a goal, for which they work hard to accomplish.

A discouraging nightmare of three losses in a row doesn't stop the Bears for their search to find out what it is like to be **Number One!!!**

Injuries and bad luck don't stop the Bears when they go to the St. Anthony Tournament. Even though they do not take first place, they fight until the end and by the time it is finished, the team has the confidence that is required to be part of the State Finalist.

The team continues to have an up and down season until they get to the St Stephens Tournament where they achieve two victories including the only undefeated team at the tourna-

ment, Central Catholic. This gives them a proud second place finish in the tourney.

A couple of weeks later, the team gets invited to Waco to play in the State Finals. Not only were they invited but they were one of the favorites to take it all.

The big game comes when SMA plays the first match against the favorites, and even though it is the best game that the Bears have played in a long time, they lose by a goal after a double-over time. They finish up in third place at the State Finals after beating Bishop Dunn.

When it is all over, Luis Diaz, Mike Pollard, and Matt Haynes are recognized as All-State Soccer Players.

Concentration to the Max! Hard work and concentration are Mike Pollard's contribution to the team.

A prestigious group!! The foreign players and the Bears make every victory a party.

It is wonderful year for the 1984-85 varsity Basketball team, which is led by All-State player James McCormick. The Bears earn second place in district 5, and proceed to the regional Finals playing Bishop

Dunn, but unfortunately they lose. Despite the fact that only one of the starting players was a senior, the team did exceptionally well and overall it was a great season!
